

Curriculum Vitae

Gergő Orbán

Head, Computational Systems Neuroscience Lab

Department of Theory

MTA Wigner Research Centre for Physics

29-33 Konkoly Thege St

Office 13-105

Phone +36 1 392 2732

e-mail orban .gergo @ wigner. mta. hu

Personal Information

Date of birth	29.05.1977
Place of birth	Budapest, Hungary
Citizenship	Hungary
Academic status	PhD, Eötvös University, 2006

Research Experience

2012 – present	"Lendület" young investigator, MTA Wigner Research Centre for Physics, Budapest, Hungary
2010 – 2012	Marie Curie Intra-European Fellow: Computational and Biological Learning Lab, Department of Engineering University of Cambridge, Cambridge, UK
2009	Visiting scholar: Computational and Biological Learning Lab, Department of Engineering, University of Cambridge, Cambridge, UK
2009 – 2010	Research Scientist: Department of Biophysics, MTA Research Institute for Particle and Nuclear Physics, Budapest, Hungary
2006 – 2008	Postdoctoral Fellow: Department of Psychology, Volen Center for Complex Systems, Brandeis University, Waltham, MA
2004 – 2006	Resident Fellow: Collegium Budapest, Institute for Advanced Study, Budapest, Hungary
2002, 2003	Research Assistant: Center for Complex Systems Studies, Kalamazoo College, Kalamazoo, MI, USA
2000 – 2004	Junior Research Fellow: Computational Neuroscience Group, MTA Research Institute for Particle and Nuclear Physics, Budapest, Hungary
1999	Visiting Student: Neural Information Processing Group, Technical University, Berlin, Germany
1998 – 2000	Undergraduate Researcher: Computational Neuroscience Group, MTA Research Institute for Particle and Nuclear Physics, Budapest, Hungary

Education

- 2000 – 2006 Ph.D., Program of Biophysics, Statistical Physics and Quantum Mechanics, Eötvös University, Budapest, Hungary
- 1999 – 2001 M.Ed. in physics, Faculty of Sciences, Eötvös University, Budapest, Hungary
- 1998 – 2000 M.Sc. in physics, Program of Atomic and Molecular Physics Faculty of Sciences, Eötvös University, Budapest, Hungary Thesis: Fast and Slow Oscillations in a Network of Hippocampal Interneurons (in Hungarian)
- 1995 – 1998 B.Sc. in physics
Faculty of Sciences, Eötvös University, Budapest, Hungary

Other training

Okinawa Computational Neuroscience Course (Okinawa Institute for Science and Technology) on “Bayesian Brain: Probabilistic Approaches to Neural Coding and Learning”, Okinawa, Japan, 2004

Graduate School of the Bolyai College (Eötvös University) on “Chaos and Irreversibility”, Budapest, Hungary, 1997

Awards and scholarships

- 1998 3rd Prize, Undergraduate Research Association, physics, Eötvös University.
“Gamma and theta frequency oscillations in a network of hippocampal interneurons” (in Hungarian)
- 2004 Full scholarship for the Okinawa Computational Neuroscience Course;
Okinawa (Japan)
- 2006 Swartz Postdoctoral Scholarship, Brandeis University
- 2009 National Eötvös Scholarship
- 2010 EU FP7 Marie Curie Intra-European Fellowship
- 2012 Lendület fellowship of the Hungarian Academy of Sciences
- 2014 National Brain Research Program Award (NAP-B), jointly with Attila Gulyás,
András Telcs, Balázs Ujfalussy

Teaching

- 2009 Designing experiments in psychology with MATLAB,
University of Szeged, Psychology MA Course
- 2009 MSc project supervision, Balázs Ujfalussy,
Eötvös University
- 2010 Bayesian methods in data analysis and in modelling,
University of Szeged, Psychology PhD Course
- 2010 Perception,
Moholy-Nagy University of Art and Design, PhD Course
- 2011 Lab demonstration, Introduction to neuroscience (3G3),
Department of Engineering, University of Cambridge
- 2011 Course supervision, Introduction to neuroscience (3G3),
Department of Engineering, University of Cambridge
- 2012 Lab demonstration, Introduction to neuroscience (3G3),
Department of Engineering, University of Cambridge
- 2012 Course lectures, Mathematical physiology (3G2),
Department of Engineering, University of Cambridge
- 2012 3rd year project supervision, Department of Physiology,
Development and Neuroscience, University of Cambridge
- 2013– Statistical models in neuroscience,
MSc course, Eötvös University
- 2013– Computational neuroscience,
MSc course, Eötvös University
- 2015, Statistics and the brain, Budapest Semester in Cognitive Science,
2016 Semmelweis University

Other experience

- 2002 Local organizer of the 7th Tamagawa Dynamic Brain Forum held at Visegrád
(Hungary)

Publications

- 2016 G. Orbán, P. Berkes, J. Fiser, M. Lengyel. Neural variability and sampling-based probabilistic representations in the visual cortex. *Neuron*, in press
